by **Stephanie Kerr**

Introducing SK Hair Extensions ~ the North West's leading mobile extension specialist owned and managed exclusively by Stephanie Kerr. Stephanie's approach is to bring clients into the realms of feeling and looking rich, beautiful and sexy after they have had extensions making them like the celebrities of today and the centre of attraction at any event or social gathering.

Shrinkies, Dinkies, Pre-bonded Hair Extensions.

Hair From Quality Sources ~ We only use hair of the highest standard for our customers, never compromising on quality. The hair is 100% human hair which has been chemically treated by professionals to ensure it's in top condition. The hair is silky, healthy, shiny and very durable. We only use the highest quality Indian Remy hair, as suits almost everyone. Russian and European hair is also available if we feel it suits the clients' hair type more appropriately. These are points that we would discuss during our initial consultation.

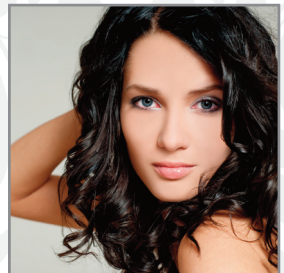

Fittings carried out in the comfort of your home.
